

# Helping under-resourced students with Tools4School.

(Formerly Waukee Area Christian Services)

## We're A Waukee-Based 501(c)(3) Nonprofit.

For over 19 years, WayPoint Resources has been providing supplemental food, clothing, basic health care, housing and school essentials, emergency financial assistance and one-on-one help to people facing hardship.

We provide this help through a food pantry, community garden, rescued food room, clothing closet, free medical clinic and client support program.

## How We Support Local Students in Grades K-12.

We source, package and supply weekend snack packs to food-insecure students and stock school community refrigerators with healthy snacks for students in after school activities.

We also focus on removing one critical barrier to learning - essential school supplies. With the support of our community, over 600 students received the backpacks and tools needed to succeed in the classroom last year.
